**Memorial Hospital of Union County** in Marysville, Ohio is an independent community hospital conveniently located just 25 minutes northwest of Columbus serving the residents of Union, Madison, Marion, Delaware, Logan, Champaign and Madison counties. We are preparing for the rapid and exciting growth of the communities we serve by investing in our facilities, state-of-the-art technologies, forging strong relationships with other hospitals and attracting the caliber of people who believe in the same high standard of customer service and compassionate care that has long been our legacy. Many on our staff have

chosen to work for Memorial Hospital for the opportunity to get closer to the reason they chose a career in healthcare in the first place: to serve people and make a difference in families' lives.

**The Gables at Green Pastures** is a 112-bed long-term care facility owned and managed by Memorial Hospital. The newly built facility is designed with mature lifestyles, comfort and community in mind. The Gables features "neighborhoods" designed for skilled, intermediate and dementia care.
