

New on the Web ...

We are really excited to launch our new web site! We've designed it to provide even more services and improved communications to our existing clients, and to introduce ourselves to potential new clients. Make sure you take advantage of our new tips on taxes, business ideas, and financial planning, all of which will be updated regularly. We'll also keep you up to date on breaking news and planning opportunities here in the What's New section, along with articles and alerts posted under the Resources section.

Staff News ...

Jan Burky has joined our staff as a bookkeeper and staff accountant. Jan will be part time, but here year-round. She'll be helping us with financial statements, payroll and income taxes, so be sure to give her a warm welcome when you see her!

Also new with us starting in January is Anna Wilder, who will helping out as secretary and receptionist. Many of you enjoyed visiting with Kathie Cramer for a number of years, but she decided it was time to devote more time to her family and personal interests, and retired last spring. She was replaced by Sue Hall for several months, who then left in November for another job opportunity.

New Services ...

We are excited to offer our clients electronic filing this year, for both federal and Ohio returns. E-filing is easy and reliable, and can get you your refund in as little as ten days (Ohio in only three)! For more benefits and reasons to consider this service, see the separate article in this site.

Mike Hiland update ...

Many who worked with Mike continue to ask about him, and he has asked us to thank you for all your concern, thoughts and prayers. He has consented to letting us keep you updated on his condition, so we'll update this posting from time to time. Mike remarried last fall and his wife Nora resigned her job to spend as much time as she can with him. He has been on dialysis since last winter, but has outlived his doctors' predictions, and is actually fairly stable now. He is still able to get out and about regularly, and when his daughter Kara got married in November, he was able to walk her down the aisle, and have the first dance! Actually, we think the

real thing keeping him going, is that he says his goal is to collect more from Social Security than what he paid in.
